Memo

SECTION L.B.
FILE No. 15-8995
SERIAL No. 1-13

In para 3 of Govt Pro dated 21st January 1896 etc 8274-83 L-755-95 the employment of relieving midwives was sanctioned for all Districts except Mysore and Shimoga.

The Senior Surgeon having in his letter dated 6th April 1896 urged on the Dy Comrs of Mysore & Shimoga the question of employing midwives in their respective Districts, the same was communicated to the Dy Comrs concerned, purport of whose replies is given below

etc 115-92-3 L-755-93 dy 14/4/96

(1) The Dy Comr of Shimoga reports that the midwives do not take leave except very rarely and that only one can be sent out of the Dist at a time for training when one of them has obtained leave

of absence. The cost of travelling and other incidental expenses have also to be provided for and the Dy Coms therefore suggests that the expediency of giving further training to midwives may be tried in the 6 Districts in which relieving midwives have been entertained.

(2) The Dy Coms of Ellyapm agreeing with the D. F. Board of Ellyapm now in favor of employing a relieving midwife as suggested by the Senior Surgeon

Submitted 9/7/16

To

The Secretary to Government
Revenue and General Departments
Bangalore

Sir,

With reference to Proceedings of Government and order thereon No 8274-83 & 21 dated January 1896, & F. 55-93 I have the honor to state that in both the Mysore and Shemoga districts, which are larger ones might have retaining Midwives.

2. It may be, as the Deputy Commissioners of these districts state, that the necessity for them is not yet felt or apparent as the services of the existing Midwives are not yet fully appreciated by the public.

3. A Considerable number of the Midwives employed elsewhere in the State are doing excellent work and I think it may be reasonably hoped that the services of those in the Mysore and Shemoga Districts will be equally appreciated in due Course and this is all the more likely to happen if the Midwives are Capable and efficient

in

in the performance of their duties. 3

4. One of the objects I had in view, when recommending the employment of relieving midwives, was to secure and maintain the efficiency of the midwives as a body, by bringing a certain number of them in rotation from the various districts to the Maternity at Bangalore for further instruction and this it would be impossible to do in the case of the districts which have no relievers.

5. I have found that those trained at Madras are not as good as those trained at Bangalore and Mysore and it will consequently be all the more necessary to give the former further instruction and training whenever it is practicable to do so and even in the case of the best of them it is necessary, as it cannot be expected that one years training is quite sufficient and that they will in some respects degenerate and forget a good deal of what they learned.

6. I am sure if the matter were put before the Deputy Commissioners of the Mysore and Shemoga districts they would be willing to take on the extra Midwives and more especially, as the extra cost is small

And

936

Shimoga District

Deputy Commr's Office

Shimoga 8th June 1896.

To

The Secretary to Government

General and Revenue Departts.

Sir,

Adverting to Government Proceedings No. 11592-3 / R 755-93 dated 14th April last forwarding Copy of the Senior Surgeon's letter urging the necessity for the employment of relieving Midwives in the District, I have the honor to state that the Midwives do not take leave except very rarely and as the number of cases attended to by them per month is as yet but small I am of opinion that the time had not yet arrived for employing

a relieving Midwife. In his letter under adverlence Dr. McGann however suggests that if such a Midwife were available, he would be able to get the Midwives by turns into the Maternity at Bangalore for further training. This is certainly a good idea if it could be carried out. But it will be found very difficult to work in practice. Only one can be sent out of the District at a time, and even that only when none of them has obtained leave of absence. The cost of travelling of these Midwives and any other incidental expenses may also have to be provided for. I would therefore suggest that the experiment of giving further training to Midwives may be tried, as regards the remaining

6 Districts in which relieving Midwives have been entertained. If this is found to work satisfactorily and if the work of the Midwives in this District gets heavier than it is at present, provision may be made for entertaining relieving Midwives.

I have the honor to be
Sir,
Your most obedient Servant.
